

We are here to help you succeed

Homelessness is a serious issue that impacts many students. At Utah Valley University. We provide several campus resources as well as information on community resources that assist students experiencing homelessness, those who are displaced, or believe they may be homeless soon. We aim to provide resources that can help alleviate the effects of homelessness so that students can achieve long-term sustainability and pursue their education and goals. Students can utilize a variety of services on campus free of charge. These services assist in providing food, mediation, and more. If you are currently homeless or displaced or anticipating an issue with housing, please let us know how we can help and utilize the resources listed in this brochure.
