All men who are least 18 years of age, born after December 31, 1959, and not currently on active duty with the U.S. Armed Forces, must be registered with the Selective Service. If you meet these qualifications and have not registered with the Selective Service, you are not entitled to receive Title IV Federal Financial Aid until you do register. If you are a male student who failed to register with Selective Service before your 26th birthday, you must:

- Provide documentation which clearly shows that you were exempt from Selective Service registration **or**
- Prove to the Financial Aid Appeals Committee that your non-registration was not *knowing and willful*.

According to our records your Selective Service registration or exemption status was not confirmed by the Selective Service system. As a result you must provide written documentation as proof of your situation and take the appropriate action necessary.
