

Program Admission Application

The Civil Engineering (CIVE) Program at UVU is an engaging and challenging major that prepares students for exciting careers and graduate programs in Civil Engineering. Students begin their study by completing a series of foundation courses in Math, Science, Writing and Engineering. After successful completion of these foundation courses, students will apply and be accepted to the Civil Engineering Program before enrolling in upper division (3000 level or higher) major courses. A student not meeting all of the admission requirements may be admitted with provisional status for one semester.

Applications for admission to the civil engineering program are accepted until two weeks prior to the start of a new semester. However, we encourage you to apply as early as possible.

Before Applying to the UVU CIVE Program

1. Apply to Utah Valley University
 - Acceptance to UVU is required prior to submitting an application to the UVU Engineering Program. Application to the University can be done online at the UVU admissions page. This includes transferring all credits from other institutions. All UVU deadlines and fees apply. Students are encouraged to apply to UVU early so all transfer credits can be evaluated before UVU Department of Engineering application deadlines. In order to graduate from UVU, students will be required to meet all UVU graduation requirements.
2. Foundational Coursework

Complete Foundational course work. A final grade of C or higher is required.

Math	
Science	
English	
Engineering	

Student may apply to the program if they have not completed all foundation coursework. A provisional admission to the program is possible. However, students will not be allowed to take professional engineering courses (3000 and higher) if the prerequisites are not met. It is recommended that students meet all prerequisite coursework required prior to applying for admission.
3. Maintain at least a 2.5 GPA
4. Submit an Engineering Application
5. Meet with Academic Advisor
 - Advisor will verify your application
 - Upload Unofficial Transcript
 - Upload Transfer Credit Awarded (if applicable)
 - Create and Upload Wolverine Track Graduation Plan
6. Meet with CIVE Faculty Mentor
 - Review Application and Graduation Plan
7. Notification of Decisions
 - Students will be notified via myUVU email (indicated in application) about Admissions Decisions.

Program Admission Application

The Computer Engineering (CE) Program at UVU are engaging and challenging majors that prepares students for exciting careers and graduate programs in the field of Computer Engineering. Students begin their study by completing a series of foundation courses in Math, Science, Computer Science and Engineering. After successful completion of these foundation courses, students will apply and be accepted to the Computer Engineering Program before enrolling in upper division (3000 level or higher) major courses. A student not meeting all the admission requirements may be admitted with provisional status for one semester.

Applications for admission to the Computer Engineering program are accepted until two weeks prior to the start of a new semester. However, we encourage you to apply as early as possible.

Before applying to a UVU CE Program

1. Apply to Utah Valley University
 - Acceptance to UVU is required prior to submitting an application to the UVU Engineering Program. Application to the University can be done online at the UVU admissions page. This includes transferring all credits from other institutions. All UVU deadlines and fees apply. Students are encouraged to apply to UVU early so all transfer credits can be evaluated before UVU Department of Engineering application deadlines.
