General Education Course Survey (PLOs only)

Course

At UVU every five years we review each General Education course. As part of this review, we would like to ask you some questions about your General Education class this semester to help us in this assessment.

Your responses are anonymous and are not tied to you in our system. Any results shared with your professor will be anonymous and as part of the group of everyone that completes this survey. We ask that you be honest and thoughtful in your answers because this information is used in assessing your course.

Please tell us how much you agree or disagree with the following statements about this course.
