WHAT WE DO

Before you start a project with UMC, take a moment to think about your goals and objectives. Consider questions like:

- What is my goal with this project?
- Who am I trying to reach?
- Are there multiple parts of this project? (i.e. do you need photo AND video AND graphic design?)

For more complex projects that require multiple elements, such as photography, videography, PR, print and/or digital graphic design, we encourage you to connect with your area marketing and communications manager.

If you don't have an area marketing and communications manager, you can submit a request for a consultation with our marketing team.
