University Mission Statement

Utah Valley University is an integrated university and community college that educates every student for success in work and life through excellence in engaged teaching, services, and scholarship.

Our Values

Exceptional Care

We invite people to "come as you are" and let them know that "UVU has a place for you." Care means that we strive always to "see" the person in front of us — their strengths and weaknesses, struggles and triumphs, past and potential, and inherent dignity and worth.

Exceptional Accountability

We are strongly committed to working ethically and effectively. We approach each situation from a position of integrity, knowing that everything we do can help or hinder a positive student experience.

Exceptional Results

We are committed to creating opportunity systematically for as many people as possible. Our engaged curricula, programs, and partnerships address the intellectual and practical needs of our service area and the larger community.

Our Action Commitments

Student success is the essence of UVU's mission and the focus of the mission statement. Action commitments identify thematic areas of activity that lead toward fulfillment of the mission. Objectives are specific actions that UVU will take to achieve its mission. They are not themselves specific, actionable goals for the university, but will be implemented in operational and organizational plans. Success is defined by metrics that assess achievement of the objectives. Visit our Vision 2030 webpage for more information on how we accomplish these initiatives.
