Testimonials

“As an out-of-state student, I was drawn to UVU by all the incredible resources that are given to students. There are super affordable on-campus doctors that can help you get referrals for your specific needs. The gym here is huge, clean, safe, and free for students taking 10 or more credits. And UVU offers tons of free general and major-specific tutors, as well as free semester-long computer checkout, free career and internship mentoring, and free education accommodations tailored to your specific needs. UVU is more than just the group of buildings where I learn math and Spanish; UVU became home because I know they really care.”
