# Preface

---

The Fact Book is an annual publication of Institutional Research & Information (IRI) at Utah Valley University. The purpose of the Fact Book is to translate accumulated data into useful information for those within and outside the university.

It should be noted that data extraction methods used for this Fact Book are consistent with those used in previous years. However, as improved means of obtaining accurate information are developed, reported information in the future may differ from what is represented here.

Every effort has been made to include within this publication the data most often requested; however, of necessity, the information presented herein is limited. You can find additional information and a complete listing of our research online at [www.uvu.edu/iri](http://www.uvu.edu/iri). We invite the users of this book to freely comment on what information they would like to have included in future editions of the Fact Book. Please contact our office, (801) 863-7923, or email us at [IRI@uvu.edu](mailto:IRI@uvu.edu), with your suggestions.

IRI wishes to thank the individuals and departments who have contributed to this publication.

### Roles

As a regional state university, Utah Valley University:

**Provides quality academic learning opportunities** for students through programs at the certificate, associate, baccalaureate, and graduate levels. To encourage responsible citizenship, emphasis is placed on engaged teaching and learning as well as scholarly work, research, creative achievements, career and technical education, and community and professional engagement.

**Provides access to higher education** and offers a broad range of opportunities from developmental education through honors programs. The institution provides services designed to meet the educational and personal needs of students, to foster student success, to prepare students for meaningful lifework, and to provide access through a variety of modalities, including satellite campuses and the use of technology.

**Promotes economic and cultural development** to contribute to the quality of life of the region and state. The institution fosters economic development and provides a talent-force to meet the needs of a dynamic economy by offering credit and non-credit programs and services for individuals and organizations. UVU provides cultural experiences that enrich the community and offer significant and varied opportunities for continuous learning.

### Values

As a regional state university composed of qualified professionals, we are committed to these core values:

**Learning and Scholarship:** UVU values preparing intellectually resilient graduates for a future of continuous and cross-disciplinary learning. We encourage students, faculty, and staff to engage in a broad array of academic, professional, and experiential learning opportunities and scholarly endeavors that fosters professional and personal growth, that builds real-world capabilities, and result in honest, challenging, and significant intellectual work.

**Critical and Creative Thinking:** UVU values the broad acquisition of knowledge and recognizes the value of critical and creative thinking and practical skills. We prepare students to contribute to society, adapt creatively to new challenges, and thrive in an ever-changing world community.

**Academic Freedom:** UVU values the free exchange of ideas and builds an academic climate conducive to such expression. We encourage thoughtful debate and civil discourse. We respect the right and responsibility of faculty and students to explore topics relevant to the educational experience.

## University Mission, Statement and Core Themes, continued

---

**Ethics and Integrity:** UVU values ethics education and ethical behavior. We engage members of the campus and community in experiences that encourage a broader understanding of ethics across disciplines, professions, and communities. Honor and integrity, respect and civility, commitment and diligence are essential in our learning community and in interpersonal relationships.

**Accountability and Openness:** UVU values the opportunity to be accountable for our academic, professional, and fiscal stewardships. We welcome the responsibility to assess and examine the effectiveness and implications of our programs and initiatives. UVU embraces open dialogue and transparent decision-making.

**Engaged Learning:** UVU values student engagement, scholarly excellence, and creative work. We support active learning and professional development for students, faculty, and staff. We cultivate community leadership and strong relationships that extend the university into the workplace and region.

**Diversity:** UVU values a welcoming and diverse learning environment that embraces all people and transcends differences. Diversity enriches the intellectual and social engagement of the learning community. We support a student and workforce community that reflects the entire population.

**Global Engagement:** UVU is a multicultural community that values cultural literacy and actively supports learning that crosses cultural and political boundaries. We engage locally, regionally, nationally, and globally in order to fulfill our mission.

## History of the University

---

Utah Valley University was established in 1941 as Central Utah Vocational School (CUVS) with the primary function of providing war production training. CUVS was part of the Provo School District located in south Provo. The institution received a state appropriation in March 1945 of \$50,000 to operate for the 1945-1947 biennium. In 1947, the school received funding as a permanent state institution.

A new site for the school was acquired on University Avenue in Provo in 1948; in the 1952, the state appropriated funding for the first construction on that site. As enrollments grew, the state acquired over 185 acres in southwest Orem and the first building was completed in 1977. Today, the University's facilities consist of a combined total of 312 acres with 46 buildings with campuses in Orem, Provo, and Heber City and property at Thanksgiving Point in Lehi.

In 1963, the school's name changed to Utah Trade Technical Institute to reflect its growing role in technical training. The name again changed in 1967 to Utah Technical College at Provo. The institution was approved in 1966 to grant Associate of Applied Science degrees, in 1967 to offer general education courses, in 1971 to grant Associate of Science degrees (discontinued in 1974 and reinstated in 1981), and in 1987 to grant Associate of Arts degrees. With its expanded degree offerings, the institution's name changed again to Utah Valley Community College in 1987. In 1993, the institution's name changed to Utah Valley State College and the mission was expanded to include the offering of bachelor's degrees. On July 1, 2008, the institution

underwent another mission and name change to Utah Valley University and began offering master degree programs.\*

Throughout its history, UVU has responded to its service region (Utah, Wasatch and Summit counties) population changes and business/industry needs. This responsiveness is evidenced in its mission, program offering, degree level, and enrollment changes.
