

PREFACE

This FACT BOOK is an annual publication of Utah Valley Community College and the Office of Institutional Research and Strategic Planning. The purpose of the FACT BOOK is to translate accumulated data into useful information to those within and outside our college environment.

Every effort has been made to include within this publication the data most often requested. A decision had to be made early in the development of the FACT BOOK to limit the published data. We invite the users of this book to freely comment on what data they would like to have included in the future. Please contact our office, (801) 222-8000 ext. 8365, with your comments.

The Office of Institutional Research and Strategic Planning wishes to thank the individuals or departments who have contributed to this publication.

INSTITUTIONAL MISSION

Utah Valley Community College is dedicated to providing a broad range of quality academic, vocational, technical, and social opportunities and experiences designed to encourage and assist students in attaining their goals and maximizing their talents and potential, personally and professionally. The college is committed to meeting student and community needs for occupational training; providing developmental, general, and transfer education; meeting the needs for continuing education for personal enrichment and career enhancement; and providing diverse social, cultural, and international opportunities, and student support services.

HISTORY OF UTAH VALLEY COMMUNITY COLLEGE

Utah Valley Community College, Orem, is situated in the heart of Utah County. Nestled beneath mountains on all sides, the name Utah Valley has become synonymous with Utah County and is used interchangeably throughout the state. With a population of more than 260,000 it is the second largest county in the State and includes twenty incorporated cities. The College serves primarily the Mountainlands District of students with Utah County residents comprising 64 percent of it's enrollment.

The College was established when the Utah State Legislature passed an appropriation of \$100,000 for the biennium of 1936-38 for vocational education. Central Utah residents who had been supported by government funding, wanted to upgrade their skills in order to obtain better jobs and many enrolled in vocational classes administered by the school districts. However, the school districts were not able to give adequate supervision to organize, conduct, coordinate, and supervise adult programs, and in the spring of 1938, Hyrum E. Johnson of Provo was appointed supervisor of vocational education for Utah and Heber Valleys.

In the fall of 1941 the scattered classes throughout the two valleys were moved to a central location in south Provo and the Fairgrounds Campus was enthusiastically welcomed by the staff and students. Provo School District assumed the financial supervision of the new school and both federal and state monies flowed through the District to the school. It became imperative that the school have proper identification and the name Central Utah Vocational School was selected. With the advent of World War II, most of the school's operating budget came from federal government funds for war production training.

The birth of the school as a state institution was March 15, 1945, when Governor Herbert B. Maw signed a bill appropriating \$50,000 to operate for the biennium of 1945-47. A second bill was introduced and adopted in 1947 making the school a permanent state institution without any cut-off date. In 1946 Wilson W. Sorensen was appointed director of the school by the Utah State Board for Vocational Education and was the chief executive officer until June 1982.

In 1948 a new site, located between 1200 and 1400 North on 150 East in Provo, was obtained. The site was purchased by the four school districts (Alpine, Nebo, Provo and Wasatch) as well as Provo City and Utah County, with the understanding, if the property were given to the school, the state would appropriate the money for buildings. The location of the campus was considered ideal because of accessibility to students from Provo High School, the Vocational School, or Brigham Young University.

In March 1953 the name of the school was changed from Central Utah Vocational School to Utah Trade Technical Institute. In March 1967 the name was again changed, this time to Utah Technical College at Provo.

In February 1966 the Utah State Board for Vocational Education approved granting Associate of Applied Science Degrees and on July 14, 1967, the State Board approved offering general education courses. In August of 1971 the Associate of Science Degree was approved.

Enrollment growth became so immense the Provo Campus was no longer adequate and a search for a new site was begun. Several locations in Provo and Orem were reviewed and a decision was made to purchase 185 acres in southwest Orem. This location was chosen because of its landscape, excellent traffic flow, and accessibility. The business education building, student center, heating plant, and auto trades building were occupied at the beginning of the 1976-77 school year.

In 1974 the Associate of Science Degree was discontinued, but approval was given by the Board of Regents to again award the degree in December 1980. In 1981 the Legislature approved granting an Associate of Science Degree in general education on a three-year probationary basis with permanent approval in 1985.

On June 1, 1982, Wilson W. Sorensen retired as President and Dr. J. Marvin Higbee was selected by the Board of Regents as the new President.

Since the move to the Orem Campus the College has continued to grow with a trades building, learning resource center, athletic center and administration building added. As classes and service facilities were moved from Provo to Orem the vacated areas were filled by new programs, thus maintaining a split campus. A new science building was occupied in fall 1989.

Beginning fall quarter 1985 articulation was completed with Weber State College to offer a four-year bachelors degree in electronic technology while students continue their advanced courses on this campus. In winter quarter 1987 the same opportunity was offered students in the computer information systems program.

In 1987 the legislature approved a name change better reflecting the location and mission of the College--Utah Valley Community College.

In October 1987 Dr. J. Marvin Higbee resigned as President and Dr. Lucille T. Stoddard was appointed Acting President until a new chief executive officer was selected.

Dr. Kerry D. Romesburg was appointed President of Utah Valley Community College on July 17, 1988.

The Associate of Arts Degree was approved by the Board of Regents in 1987 and in 1989 the Regents and State Legislature approved funding for the Associate Degree Nursing program.

October 21, 1988, the College was granted permission by the State Board of Regents to convert from the quarter to the semester calendar system. This change became effective fall semester 1990.

Accounting students will be able to receive their four-year bachelors degree from Utah State University by taking classes offered on this campus beginning fall semester 1990.

In 1989 the College added an International Studies Center to coordinate exchange programs, bring international students on campus, and assist in giving faculty exchange opportunities. During this same period Utah Valley Community College became one of the first community colleges in the United States to sign an exchange agreement with Soviet Russia. Exchange agreements have also been reached with Central America and Caribbean countries, China, Hong Kong, Japan, Taiwan and Germany.

CLUBS AND ORGANIZATIONS

CCDC Community College Deaf Club offers social and cultural support. Promotes deaf awareness and a positive interaction between the school and the student. Anyone interested in learning sign language and especially those who are deaf or have skills using sign would benefit the most from membership in this club. Advisor: Elaine Smiley

CHEERLEADERS

A branch of the student government with the specific purpose to promote and increase school spirit and unity. All students are invited to participate in school sponsored games and activities. Advisor: Kristen Anderson

CHESS This club provides an outlet for those who enjoy this strategic game. It provides a chance to sharpen skills and compete with other chess players. Advisor: D.J. Smith

COMPUTER CLUB

This club provides the opportunity for students to update their computer skills. Advisor: David Tobler

COUNTRY WESTERN DANCE CLUB

This club provides its members the opportunity to update dance skills, create new dance steps and meet people who share an interest in country dancing. Besides getting involved in school activities, the club sponsors two dances a month. Advisor: D.J. Smith

CLUBS AND ORGANIZATIONS

(continued)

DEX Delta Epsilon Chi, a division of DECA, is a program centering around professional activities such as marketing, management, merchandising and hospitality. The purpose is to provide real life experiences so that the students can apply what they have learned to real life situations. Advisor: Karen Green

DRAFTING CLUB

This club promotes activities and social contact with other schools and professionals in the field. They provide tours to local companies and guest speakers for the purpose of professional and social development of the member. Advisor: Bart Lynn

ELECTRONIC MUSIC

This club is for those who need a musical diversion in life. It provides a chance to sharpen skills on the synthesizer as well as writing music.

ENVIRONMENTAL CLUB

What more can be said about this club except it is here to make students more aware of our depleting environment. Advisor: Jim Harris

GERMAN CLUB

Experience cultural activities related to the German language. This is a great club to join if you speak a little German or none at all, but enjoy participation in German cultural events. Advisor: Rudy Lehnhardt

CLUBS AND ORGANIZATIONS

(continued)

INTERCOLLEGIATE KNIGHTS

This is a branch of the National Honorary Service Fraternity. Members participate in a variety of service projects. Advisor: Malan Jackson

INTERNATIONAL SPANISH

Cultural activities related to the Spanish language are sponsored for those who speak Spanish or wish to learn. Advisor: Del Shumway

KARATE

Our main purpose is to help club members learn the mental, physical and spiritual aspects of Kenpo Karate. Karate tournaments are sponsored throughout the year. This club is for those who would like to develop their skills in karate. Advisor: Doug Anderson

LAMBDA DELTA SIGMA

A sorority sponsored by the LDS Church to strengthen women, allow them to have influence in student affairs, render campus and community services, enjoy wholesome social activities and build lasting bonds of sisterhood. Advisor: Gerrie Bills

CLUBS AND ORGANIZATIONS

(continued)

LAW SOCIETY

Members learn about the law through activities, seminars and working with those already established in the field of law. Improve your chances for success in the real world through knowledge of laws and leadership skills. Advisor: Sheila Underwood

LDSSA

The goal of the Latter Day Saint Student Association is to bring students unto Christ. This is accomplished by student participation with religious education and student activities which include community service, dances, show choir and many other events. Advisor: Dave Litchford

MATH

This club is for those who enjoy the outcome of a negative derivative. Advisor: Joseph Huwang

PBL

Phi Beta Lambda's purpose is to bring business and education together in a positive working relationship by promoting competition, developing character, teaching leadership and learning to have self-confidence. PBL is the collegiate level of FBLA. Membership is open to all students who have one business related class. Advisor: Colleen Vawdrey

CLUBS AND ORGANIZATIONS

(continued)

PCDC Personal and Career Development Club for non-traditional students will provide socialization, networking and help build self-esteem. It is especially designed to help students in becoming emotionally and economically self-sufficient and provide a safe environment for growth and learning. Guest speakers will be invited to speak in areas of interest. Advisor: Anita Musto

RACQUETBALL This club is provided to sharpen skills of the beginner as well as the intermediate racquetball player. They also compete around Utah. Advisor: Vince Miner

RODEO CLUB Compete in college rodeos throughout Utah and Idaho. Enjoy competing together as a team and participating in many other activities outside of rodeo competition. This club is open to anyone who is interested in rodeo whether you ride, rope or just enjoy a great time. Advisor: Russ Black

RUSSIAN CLUB Cultural activities related to the Russian language are sponsored for those who speak Russian or wish to learn. Advisor: Eberhardt Lehnardt

CLUBS AND ORGANIZATIONS

(continued)

SIGMA GAMMA CHI

A fraternity sponsored by the LDS Church to promote leadership, scholarship, spirituality, service, patriotism and brotherhood. This is a great opportunity to get involved in school affairs and meet people. Advisor: Wes Bitters

SKI CLUB

The ski team gives students the opportunity to ski competitively against other college students. The team placed third in both men's and women's divisions in 1986 and 1987. Weber State, University of Utah, Utah State and Montana State are current competitors. Advisor: Bart Jacobs

SOCCER

This gives students the opportunity to build team participation as well as compete against other college students. Advisor: Carl Johnson

VICA

Vocational Industrial Clubs of America is for all trade, industrial, technical and health occupation students. An emphasis is placed on dignity of work, education, fair play and high moral and spiritual standards. Prepare "...for leadership in the world-of-work" through State and National competitions. Advisor: Ken Ewell

VISUAL ARTS CLUB

Advisor: Rodayne Esmay

NEW AND CONTINUING STUDENT SURVEY 1989 AND 1990

The following charts and graphs have been compiled from data collected from Utah Valley Community College ENTERING and CONTINUING students during Fall Quarter 1989 and Fall Semester 1990.

The Office of Institutional Research and Strategic Planning initiated this study in an effort to provide the college with a more detailed profile of students and their preferences.

The survey instruments utilized in the study were developed by the National Center for Higher Education Management Systems and are specific to community college students. The validity and reliability of the testing instruments has been well-substantiated by NCHEMS and other participating institutions.

A very cautious random sample of ENTERING and CONTINUING students was taken. Variables of major, class time and location were considered in the sampling process and more than 10 percent of the studentbody participated in the study. A more detailed statistical analysis of this research is available upon request.

GRADUATE FOLLOW-UP SURVEY

At the completion of each academic year, UVCC graduates are contacted by an independent research firm and asked to respond to an extensive questionnaire about their experiences at UVCC.

During the 1990-1991 school year, 56 percent of all 1990 graduates were surveyed and their responses to pertinent questions are shown in the following graphs. The sample included 481 graduates.

GRADUATE FOLLOW-UP SURVEY

NON-RETURNING STUDENT SURVEY

While enrollment at UVCC continues to increase, a significant number of students do not return each semester. Some of these students have taken employment, some have met their educational objective, while others have either dropped-out or transferred to another institution.

In order to better track students, a Non-Returning Student Telephone survey is conducted during Winter Semester. The survey instrument was developed by the Office of Institutional Research and Strategic Planning and consists of 18 questions and the data is collected by an independent research firm.

Students who complete more than 9 credit hours, do not graduate, and do not return Winter Semester, are included in the survey population. A sample of 25 percent of the population is surveyed each year.

ACE stands for the Association of Classified Employees. This on-campus organization has been replaced by **PACE**. **PACE** is the on-campus organization of Professional, Administrative, and Classified Employees.

The **Associate in Applied Science Degree** offers students the specialized training needed in order to earn a living. A minimum of 16 semester hours of General Studies courses are required. General Studies courses seek to broaden perspectives and teach essential intellectual skills. An **Associate of Arts Degree** may be earned upon completion of the equivalent of two full-time years of college work. This degree will meet the general education/liberal arts requirements at all four-year colleges and universities in the Utah System of Higher Education. However, specific majors may require specific general education courses. An **Associate of Science Degree** may be earned upon completion of the equivalent of two full-time years of college work. This degree will meet the general education/liberal arts requirements at all four-year colleges and universities in the Utah System of Higher Education. However, specific majors may require specific general education courses.

A **Diploma** requires a minimum of 50 credits in a specialty area. All programs offering the Associate in Applied Science degree also offer Diplomas, except Child Education and Family Studies, Legal Assistant, and Graphics and Commercial Art.

FTE means Full Time Equivalent. Full Time Equivalent is equal to 15 semester hours of courses taken or taught.

SCH stands for Student Credit Hour.

STIT is the program for Short Term Intensive Training.
