

# UVU ID CARD AND UTA PASS BENEFIT

---

A UVU faculty ID card is available to all active concurrent enrollment instructors.

The cost of a faculty ID card will be paid by the concurrent enrollment department. If a replacement is needed for lost or stolen cards, the instructor must purchase a new UVID for \$15.

## REQUIREMENTS

---

All active UVU concurrent enrollment instructors are eligible to receive a UVU ID card. To add the UTA pass to their UVU ID Card, the **Instructor must be teaching for the current semester**. If the instructor is not currently teaching, the UTA pass will be deactivated.

**The instructor is responsible to contact UVU Campus Connection to have their UTA pass activated for additional semesters after initial semester.** The transit pass is activated 5 days before the current semester of teaching and will be deactivated the day following the end of the semester if you are not scheduled to teach a class for the next semester. The pass is for the cardholder only and cannot be used by another person.
