

Women Success Center Leadership Academy Requirements

The Women's Leadership Academy is a two-semester program beginning each fall that provides participants with knowledge and experience to build and refine their leadership skills through classroom experiences, hands-on leadership, mentorship, and coaching. Students can take part in the cohort experience or as a peer mentor.

The mission of the Women's Leadership Academy (WLA) is to encourage leadership identity development for women, foster a supportive community, and provide resources for academic persistence. Students' experiences in this program are tailored to give them the knowledge, experience, and skills to lead in any capacity.

Individuals interested in applying for Leadership Academy must meet the following requirements and expectations:

- Students must maintain at least a 2.75 semester GPA while in the program
- Students must be enrolled in at least 12 credit hours while in the program
- Students are expected to attend cohort meetings every other week. Students are allowed one unexcused absence and two excused absences per semester. An excused absence is one that has been communicated with faculty or program coordinator at least 24 hours in advance
- Students are expected to meet deadlines for the following unless they have previously communicated with the Program Coordinator or course instructor (when appropriate):
 - Mentor Meetings
