Jeopardy Game Instructions

The questions and answers to all the game can be found here: http://www.uvu.edu/library/tutorials/psy1010/jeopardy/JeopardyQuestions.pdf

1. The object of the game is for students to earn more money than their competitors. Money is earned by correctly answering questions.
2. Playing the game.
   a. You will want to select a student or aide to be the scorekeeper.
   b. Students may play as individuals or as teams.
   c. To begin the game, go to http://www.uvu.edu/library/tutorials/psy1010/jeopardy/webpages/index.html and click on the image to load the game board page.
   d. On the gameboard page have the student(s) select a category and dollar value and click on the corresponding link.
      a. Student(s) will raise their hands to answer the question, so be sure to call on the first student with their hand in the air.
         i. If the answer is correct the student(s) score the corresponding amount of money.
         ii. If the answer is incorrect the student(s) loose the corresponding amount of money.
   1. Student(s) can have a negative total balance.
   b. Use the back feature of your browser to return to the gameboard page.
   c. Daily Doubles.
      i. These questions allow students to wager any amount of their accumulated money.
      ii. Correct answers result in the wager value being added.
      iii. Incorrect answers result in a deduction in the amount of the wager.
      iv. If student(s) do not have any money, they may wager up to $500.
   d. Final Jeopardy
      i. Click on the “Final Jeopardy” link at the bottom left (in dark blue) of the game board page.
      ii. At the category page student(s) will wager any amount of money up to the total amount accumulated.
      iii. Click on the link on the category page to see the question.
      iv. Wager money will be added or subtracted based on the student(s) response to the Final Jeopardy question.
   e. A running total of the money is kept. Student(s) with the most money at the end of the game win.
f. To reset or play the game again, you will need to clear your browser’s history.
