

AREAS OF LICENSURE

Students must have completed all Endorsement coursework required in one of the 16 teaching content areas UVU offers: American Sign Language; Biology; Business/Marketing; Chemistry; Dance; Earth Science; English; Health; History-Social Studies; Math; Music; Physical Education; Physics; Spanish; Theatre; Visual Art. All Science content areas must also complete the Secondary Science Core requirements.

Students who have completed these endorsement courses can then work toward a Utah teaching license. In addition to the required coursework through the School of Education, the teaching methods course(s) for the content area must be completed prior to student teaching in the program.

If a student has not completed all necessary endorsement coursework, contact Brianna Larson to discuss options: Brianna.larson@uvu.edu

Teaching License Endorsement	USBE Endorsement Application – Coursework List
American Sign Language	https://bit.ly/aslapp
Biology (Both 1 & 2 required) & Secondary Science Core	https://bit.ly/biologyone & https://bit.ly/biologytwo
Business/Marketing	https://bit.ly/businessessentialsapp
