

Applied Behavior Analysis, M.Ed.

Empowering the student through knowledge, preparation, and ethics

The applied behavior analysis emphasis will prepare students to work with individuals with autism spectrum disorder and other neurodevelopmental disabilities. Students will complete 37 credits of coursework and at least 1,500 hours of concentrated supervised fieldwork. After completing these hours and meeting additional requirements as set forth by the Association for Behavior Analysis International (ABAI), graduates will be eligible to take the Board Certified Behavior Analyst (BCBA) examination.
