  - **Excel and Word:** Several assignments will be completed using Excel and Word. UVU students can access these programs for free via [UVU Free Software](#)
-

## **Course Requirements**

### **Certificate Progress Quizzes:**

As part of this course, you will earn two certificates:

- Intuit QuickBooks Online - Level 1
- Intuit Bookkeeping

Each certificate is divided into specific learning sections to help you master the material. There are 30 certificate progress quizzes designed to guide you through the learning sections and ensure you are progressing toward certification. Specific to these quizzes:

- Your 3 lowest scores will be dropped.
- Quizzes are subject to the course late work policy: a penalty of 12.5% per day, up to a maximum of 50%, will apply to late submissions.

### **QuickBooks Level 1 Certificate Exam:**

The QuickBooks Online (QBO) certification consists of five individual exams, taken throughout the semester.

- Each exam is worth 25 points.
- No exam score will be dropped.
- Late submissions will incur a penalty of 12.5% per day, up to a maximum of 50% of the available points.

Note: Once you have enrolled in this certificate, you will be given an option to "Test Out" of all sections by taking one comprehensive exam. This is not an option for this class. You must work through the five sections of material. If you do test out without completing the section material, you will not receive the points for completing the exams.

### **Bookkeeping Certificate Exam:**

The Bookkeeping certification is a single comprehensive exam, which will serve as your final exam.

- The exam is worth 125 points and is mandatory.
- Late submissions will incur a penalty of 12.5% per day, up to a maximum of 50% of the available points.

Note: Similar to the QBO exam, once you have enrolled in this certificate, you will be given an option to "Test Out" by taking one comprehensive exam. This is not an option for this class. You must work through all the material. If you do test out without completing the course material, you will not receive the points for completing the exam.

### **Master Minute Assignments (Attendance/Participation):**

Mastery Minute assignments are designed to provide practical, real-world experience by simulating tasks commonly encountered in a workplace. These activities may involve scenarios like responding to employer, client, or colleague requests, or analyzing current events and case studies. These activities will be completed in class.

- There are 23 of these assignments with the 3 lowest being dropped
- Because these assignments are completed in class, late submissions are not allowed. If you miss class, you miss these points.

### **Other Assignments :**

Details for additional assignments can be found on Canvas. Late work is subject to the same policy: a 12.5% penalty per day, up to a maximum reduction of 50% of the available points.

## Assignment Categories:

Activity	How many	Points per	Total	Percentage
Certificate Progress Quizzes	30 - dropped 3 = 27	8	216	21.6%
QuickBooks Online Certification Exams	5	25	125	12.5%
Bookkeeping Certification Exam	1	125	125	12.5%
Mastery Minute (Attendance/Participation)	23 - dropped 3 = 20	22	440	44.0%
Other Assignments	8	Varies	94	9.4%
TOTAL			1000	100%

## Grading Scale:

The following grading standards will be used in this class:

Grade	A	A-	B+	B	B-	C+	C	C-	D+	D	D-	E
Percent	93-100	90-92	86-89	83-85	80-82	76-79	73-75	70-72	66-69	63-65	60-62	0-59

## Late Work Statement:

- To succeed in this course, it is essential to submit all assignments by their due dates. Since most assignments are available from the start of the term, you are encouraged to work ahead as your schedule allows.
- Late submissions will incur a penalty of 12.5% of the available points per day. The maximum penalty for late work is a 50% reduction in points.

## 150 Hours = Expert

- Malcom Gladwell, in *Outliers: The Story of Success*, highlights that it takes 10,000 hours of practice to master a skill. This course is designed to help you begin your journey, contributing your first 150 hours toward becoming an accounting expert.

## Description of how this course works:

- For this three (3) **credit-hour** course students should expect to spend up to **9+ hours a week** completing course activities.
- The homepage for this course features a Delphinium dashboard designed to help you track your progress. You can click on any item to view its linked assignments. To access the full modules view, simply click "Modules" in the left-hand navigation bar.
- Canvas will serve as the central hub for all course content, grades, and communications. Be sure to check Canvas regularly to stay up to date.
- You may work ahead in this course, except for "Instructional Videos" and "Mastery Minute" assignments, which must be completed as scheduled.

### Third Party Usage

- We will be using Intuit ProAdvisor Academy to complete the QuickBooks Online and Bookkeeping certifications. The following link will get you access: [ProAdvisor Academy](#)
- There will also be optional certifications offered: [Bill.com Links to an external site.](#), [Gusto Links to an external site.](#), and [Tax Certifications Links to an external site.](#)

## Required Course Syllabus Statements

### Generative AI

Generative AI is a subset of artificial intelligence models capable of generating new content, be it text, images, music, or other forms of data. By learning patterns from existing large amounts of data, these models can produce novel outputs that were not part of their training set, mimicking the style and structure of the learned data.

#### General guidelines for AI use:

- Data Protection – You should not enter confidential data into publicly-accessible generative AI platforms. Information relayed to generative AI platforms under standard configurations lacks confidentiality and may reveal crucial or protected information to unintended recipients.
- AI Limitation – Content produced by AI can be imprecise, deceptive, or wholly fabricated (often termed "illusions") or might encompass copyrighted elements. You hold accountability for any content you disseminate that incorporates material generated by AI.
- Transparency & Disclosure – If you use AI-generated content in your work, proper citation is required. Review your syllabus carefully, if not clear, communicate with your instructor on how much AI-generated work is allowed to use in each assignment.

#### Specific guidelines for this class:

- Defined Scenarios: Please use AI tools to help you learn
- Boundaries: Direct generation of content for any assignment is prohibited
- Consequences: Overstepping the provided boundaries will be treated as cheating

### Using Remote Testing Software

This course does not use remote testing software.

□ This course uses remote testing software. Remote test-takers may choose their remote testing locations. Please note, however, that the testing software used for this may conduct a brief scan of remote test-takers' immediate surroundings, may require use of a webcam while taking an exam, may require the microphone be on while taking an exam, or may require other practices to confirm academic honesty. Test-takers therefore shall have no expectation of privacy in their test-taking location during, or immediately preceding, remote testing. If a student strongly objects to using test-taking software, the student should contact the instructor at the beginning of the semester to determine whether alternative testing arrangements are feasible. Alternatives are not guaranteed.

### **Academic Integrity**

At Utah Valley University, faculty and students operate in an atmosphere of mutual trust. Maintaining an atmosphere of academic integrity allows for free exchange of ideas and enables all members of the community to achieve their highest potential. Our goal is to foster an intellectual atmosphere that produces scholars of integrity and imaginative thought. In all academic work, the ideas and contributions of others must be appropriately acknowledged and UVU students are expected to produce their own original academic work.

Faculty and students share the responsibility of ensuring the honesty and fairness of the intellectual environment at UVU. Students have a responsibility to promote academic integrity at the university by not participating in or facilitating others' participation in any act of academic dishonesty. As members of the academic community, students must become familiar with their [rights and responsibilities](#). In each course, they are responsible for knowing the requirements and restrictions regarding research and writing, assessments, collaborative work, the use of study aids, the appropriateness of assistance, and other issues. Likewise, instructors are responsible to clearly state expectations and model best practices.

Further information on what constitutes academic dishonesty is detailed in [UVU Policy 541: Student Code of Conduct](#).

### **Equity and Title IX**

Utah Valley University does not discriminate on the basis of race, color, religion, national origin, sex, sexual orientation, gender identity, gender expression, age (40 and over), disability, veteran status, pregnancy, childbirth, or pregnancy-related conditions, citizenship, genetic information, or other basis

---

protected by applicable law, including Title IX and 34 C.F.R. Part 106, in employment, treatment, admission, access to educational programs and activities, or other University benefits or services. Inquiries about nondiscrimination at UVU may be directed to the U.S. Department of Education's Office for Civil Rights or UVU's Title IX Coordinator at 801-863-7999 – [TitleIX@uvu.edu](mailto:TitleIX@uvu.edu) – 800 W University Pkwy, Orem, 84058, Suite BA 203.

### **Religious Accommodation**

UVU values and acknowledges the array of worldviews, faiths, and religions represented in our student body, and as such provides supportive accommodations for students. Religious belief or conscience broadly includes religious, non-religious, theistic, or non-theistic moral or ethical beliefs as well as participation in religious holidays, observances, or activities. Accommodations may include scheduling or due-date modifications or make-up assignments for missed class work.

To seek a religious accommodation, a student must provide written notice to the instructor and the Director of Accessibility Services at [accessibilityservices@uvu.edu](mailto:accessibilityservices@uvu.edu). If the accommodation relates to a scheduling conflict, the notice should include the date, time, and brief description of the difficulty posed by the conflict. Such requests should be made as soon as the student is aware of the prospective scheduling conflict.

While religious expression is welcome throughout campus, UVU also has a [specially dedicated space](#) for meditation, prayer, reflection, or other forms of religious expression.
