Course Requirements

Course Mode / Attendance: HYBRID

The section is hosted hybrid, with some activities taking place online in Canvas and some taking place in-person on Tuesdays from 10:00 - 11:15 a.m.

eBook assignments will take place online the first 12 weeks of the semester and be due every Tuesday.

The last 45 minutes of class on Tuesdays will consist of a lecture, discussions, and other group learning activities. As many of the assignments in this class are completed in groups, the first 30 minutes of class will be provided for your group to complete work. Group assignments will be due on Thursdays.

Because of much of the class consists of group work, to ensure fairness, attendance is mandatory and graded through weekly surveys at the beginning of class.

Course Assignments

ePortfolio

An “ePortfolio is a powerful pedagogical approach that requires meaningful student reflection and deepens learning while making achievement visible—to students themselves, to their peers and faculty, and to external audiences” (Kuh, O’Donnell, & Schneider, 2017). For this assignment, you will explore insights and applications with your team and create ePortfolio artifacts to demonstrate what you are learning. You will also give feedback to other teams on their posts.

The audience for your ePortfolio is not just your professor and classmates, but future employers. It demonstrates that you are capable of collaboration, project design, written communication, technological skill, and even goal-setting, goal achievement, and response to constructive criticism. It illustrates what you have learned and what you can do more effectively than a test score or grade.

Consulting Project

This is a service learning course. You will spend a minimum of 20 hours working on a community project. You will act as management consultant teams who have been hired to identify and solve an organizational problem by applying organizational behavior theories and principles. Your project will culminate in an ePortfolio artifact. *Note* — you will not be working in a company or have set hours; you will determine responsibilities with your team and can work around your schedules to coordinate with the company and collect data.

Assignment Points

eBook

- 12 topics with activities and knowledge checks = 530 points

ePortfolio

- home page = 10 points
- 5 management challenges with peer review, team member evaluations, & reflection = 150 points
- team reflection = 10 points
- project proposal = 10 points
- project draft = 30 points
- tutor appointments = 20 points
- project = 100 points

Attendance

- 14 days of lecture/group work = 140 points

TOTAL points = 1000

*There are also 50 points of extra credit available through assignment throughout the semester.

Late Work Statement

Submit all assignments by the due date. You need to complete individual work in the eBook so that you can do the team assignments. If you have extenuating circumstances, you can submit eBook assignments up to 7 days late with a 2% penalty per day.

Peer review/Peerceptiv assignments must be completed on the dates scheduled. Each phase is dependent on the previous stage being completed. Teams submit their assignment. This generates the peer reviews. These must be completed for the team evaluation stage to initiate. Completion of the team evaluations prompts the reflection phase. **It's not possible to adjust due dates for one student or one team or to adjust due dates for different phases of the assignment. This means there will not be any provided extensions for Peerceptiv assignments.**

Grading Scale

Grade	A	A-	B+	B	B-	C+	C	C-	D+	D	D-	E

Required Course Syllabus Statements

Use of AI

The use of AI to generate content is emerging in higher education. The use of AI tools to draw insights, data, or content for assignments must be cited in the same way you would reference a textbook or article.

Assignments in this course do not require the use of sources other than the eBook. The content of your assignments must be specific to the assignment and show that you understand and can apply the concepts. They require your unique perspective and voice.

If you want to use AI to help you improve your learning, below is an example of how you might use it appropriately.

“You are a [insert name of discipline] professor. Give me feedback on this [type of writing [type of writing - term paper, reflection, paragraph...]] focusing on the following criteria [list criteria from the assignment or rubric]. Generate a list of four things that should be improved, explain how they can be improved, and review any punctuation and or spelling mistakes. Here is the piece: [insert writing piece]”

If you have questions about acceptable use of AI tools, please consult the instructor before submitting your work.

Using Remote Testing Software

This course does not use remote testing software.

□ This course uses remote testing software. Remote test-takers may choose their remote testing locations. Please note, however, that the testing software used for this may conduct a brief scan of remote test-takers' immediate surroundings, may require use of a webcam while taking an exam, may require the microphone be on while taking an exam, or may require other practices to confirm academic honesty. Test-takers therefore shall have no expectation of privacy in their test-taking location during, or immediately preceding, remote testing. If a student strongly objects to using test-taking software, the student should contact the instructor at the beginning of the semester to determine whether alternative testing arrangements are feasible. Alternatives are not guaranteed.

Accommodations/Students with disabilities Statement

Americans with Disabilities Act and Section 504 of the Rehabilitation Act

The Americans with Disabilities Act (ADA) and Section 504 of the Rehabilitation Act of 1973, as amended, prohibit Utah Valley University from engaging in discrimination on the basis of disability in any program or activity. Discrimination is also prohibited in all aspects of employment against persons with disabilities who, with reasonable accommodation, can perform the essential functions of a job.

Students who believe they have been denied program access or otherwise discriminated against because of a disability are encouraged to initiate a grievance by contacting the Accessibility Services Director, Sherry Page at 801-863-8747. Employees can contact the ADA Coordinator, Irene Whittier at 801-863-8389.

Upon request, this information is available in alternative formats, such as mp3, Braille, or large print. To request this format, email asd@uvu.edu (<mailto:asd@uvu.edu>).

Accessibility Services Statement

Students needing accommodation due to a disability including temporary and pregnancy accommodations may contact the UVU Accessibility Services at accessibilityservices@uvu.edu or 801-863-8747. Accessibility Services is located on the Orem Campus in LC 312.

Academic Integrity Statement

At Utah Valley University, faculty and students operate in an atmosphere of mutual trust. Maintaining an atmosphere of academic integrity allows for free exchange of ideas and enables all members of the community to achieve their highest potential. Our goal is to foster an intellectual atmosphere that produces scholars of integrity and imaginative thought. In all academic work

ideas and contributions of others must be appropriately acknowledged and UVU students are expected to produce their own original academic work.

Faculty and students share the responsibility of ensuring the honesty and fairness of the intellectual environment at UVU. Students have a responsibility to promote academic integrity at the university by not participating in or facilitating others' participation in any act of academic dishonesty. As members of the academic community, students must become familiar with their **rights and responsibilities** [↗](#)

(<https://policy.uvu.edu/getDisplayFile/5bedd0ef7b23736d542192e3>). In each course, they are responsible for knowing the requirements and restrictions regarding research and writing, assessments, collaborative work, the use of study aids, the appropriateness of assistance, and other issues. Likewise, instructors are responsible to clearly state expectations and model best practices.

Further information on what constitutes academic dishonesty is detailed in **UVU Policy 541: Student Code of Conduct** [↗](#)

(<https://policy.uvu.edu/getDisplayFile/5bedd0ef7b23736d542192e3>).

We would like to acknowledge the following institutions: Northeastern University, University of Jamestown, Washington University in St. Louis, and UVU's Woodbury School of Business. This statement uses or adapts parts of their academic integrity statements or used them for inspiration.

Religious Accommodation Statement

UVU values and acknowledges a wide range of faiths and religions as part of our student body, and as such provides accommodations for students. Religious belief includes the student's faith or conscience as well as the student's participation in an organized activity conducted under the auspices of the student's religious tradition or religious organization. The accommodations include reasonable student absences from scheduled examinations or academic requirements if they

create an undue hardship for sincerely held religious beliefs. For this to occur, the student must provide a written notice to the instructor of the course for which the student seeks said accommodation prior to the event.

The UVU campus has **a place for meditation, prayer, reflection, or other forms of individual religious expression** [↗\(https://www.uvu.edu/interfaith/reflectioncenter/index.html\)](https://www.uvu.edu/interfaith/reflectioncenter/index.html) as is described on their website.

Equity and Title IX Statement

Title IX states that no person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving Federal financial assistance. Students who believe they have been excluded from participation in, denied the benefits of, or discriminated against because of their sex may contact the EO/AA office to make a report, ask questions, or share concerns by email at: titleix@uvu.edu, in-person at BA-203, or by phone at: (801) 863-7999.
