Student Learning Outcomes

Develop an understanding and appreciating of why managers should study international business even through they may not be planning for an overseas career.

Identify the environments to which international business is subject.

Develop an awareness of the economic theories on international trade, development and investment, and describe the international monetary system.

Differentiate the types of international organizations.

Describe the influences of sociocultural, political and legal forces.

Describe how the fundamentals of accounting, finance, management, and marketing assume new and different dimensions when two or more countries are involved.

To analyze and evaluate global or intercultural issues

To discuss stereotypical cultural conceptions and recognize the complexity and variety of different cultural groups

To evaluate how one's own cultural rules and biases compare and contrast with those from different cultures.

Course Materials and Texts

International Business By Geringer, McNett, Minor, and Ball. 3rd Edition.

A printed textbook is not required for this course. This class will use an electronic text and electronic course content that will be accessed through the Canvas web site for the course. This electronic content will be available the first day of class for all enrolled students. A charge of about \$80 will be assessed for all students in the course who are still enrolled after the drop date. This charge will be listed as a "Canvas Course Materials/McGraw-Hill" and will be paid through a process similar to that used for tuition/fees. McGraw-Hill also offers printed copies of the textbook in various forms for additional fees.

Students who drop the course after the drop date, may get their tuition back, but will NOT get the book fee back. The bookstore will not refund the money after the last day for 100% refund even if the student never attended class.

Generative AI

Generative AI is a subset of artificial intelligence models capable of generating new content, be it text, images, music, or other forms of data. By learning patterns from existing large amounts of data, these models can produce novel outputs that were not part of their training set, mimicking the style and structure of the learned data.

General Guidelines

Data Protection – You should not enter confidential data into publicly-accessible generative AI platforms. Information relayed to generative AI platforms under standard configurations lacks confidentiality and may reveal crucial or protected information to unintended recipients.

AI Limitation – Content produced by AI can be imprecise, deceptive, or wholly fabricated (often termed "illusions") or might encompass copyrighted elements. You hold accountability for any content you disseminate that incorporates material generated by AI.

Transparency & Disclosure – If you use AI-generated content in your work, proper citation is required. Review your syllabus carefully, if not clear, communicate with your instructor on how much AI-generated work is allowed to use in each assignment.

Using Remote Testing Software

This course does not use remote testing software.

□ This course uses remote testing software. Remote test-takers may choose their remote testing locations. Please note, however, that the testing software used for this may conduct a brief scan of remote test-takers' immediate surroundings, may require use of a webcam while taking an exam, may require the microphone be on while taking an exam, or may require other practices to confirm academic honesty. Test-takers therefore shall have no expectation of privacy in their test-taking location during, or immediately preceding, remote testing. If a student strongly objects to using test-taking software, the student should contact the instructor at the beginning of the semester to determine whether alternative testing arrangements are feasible. Alternatives are not guaranteed.

Required University Syllabus Statements

Accommodations/Students with Disabilities

Students needing accommodations due to a permanent or temporary disability, pregnancy or pregnancy-related conditions may contact UVU [Accessibility Services](#) at accessibilityservices@uvu.edu or 801-863-8747.

Accessibility Services is located on the Orem Campus in BA 110.

Deaf/Hard of Hearing students requesting ASL interpreters or transcribers can contact Accessibility Services to set up accommodations. Deaf/Hard of Hearing services can be contacted at DHHservices@uvu.edu

DHH is located on the Orem Campus in BA 112.

Academic Integrity

At Utah Valley University, faculty and students operate in an atmosphere of mutual trust. Maintaining an atmosphere of academic integrity allows for free exchange of ideas and enables all members of the community to achieve their highest potential. Our goal is to foster an intellectual atmosphere that produces scholars of integrity and imaginative thought. In all academic work, the ideas and contributions of others must be appropriately acknowledged and UVU students are expected to produce their own original academic work.

Faculty and students share the responsibility of ensuring the honesty and fairness of the intellectual environment at UVU. Students have a responsibility to promote academic integrity at the university by not participating in or facilitating others' participation in any act of academic dishonesty. As members of the academic community, students must become familiar with their [rights and responsibilities](#). In each course, they are responsible for knowing the requirements and restrictions regarding research and writing, assessments, collaborative work, the use of study aids, the appropriateness of assistance, and other issues. Likewise, instructors are responsible to clearly state expectations and model best practices.

Further information on what constitutes academic dishonesty is detailed in [UVU Policy 541: Student Code of Conduct](#).

Equity and Title IX

Utah Valley University does not discriminate on the basis of race, color, religion, national origin, sex, sexual orientation, gender identity, gender expression, age (40 and over), disability, veteran status, pregnancy, childbirth, or pregnancy-related conditions, citizenship, genetic information, or other basis protected by applicable law, including Title IX and 34 C.F.R. Part 106, in employment, treatment,

admission, access to educational programs and activities, or other University benefits or services. Inquiries about nondiscrimination at UVU may be directed to the U.S. Department of Education's Office for Civil Rights or UVU's Title IX Coordinator at 801-863-7999 – TitleIX@uvu.edu – 800 W University Pkwy, Orem, 84058, Suite BA 203.

Religious Accommodation

UVU values and acknowledges the array of worldviews, faiths, and religions represented in our student body, and as such provides supportive accommodations for students. Religious belief or conscience broadly includes religious, non-religious, theistic, or non-theistic moral or ethical beliefs as well as participation in religious holidays, observances, or activities. Accommodations may include scheduling or due-date modifications or make-up assignments for missed class work.

To seek a religious accommodation, a student must provide written notice to the instructor and the Director of Accessibility Services at accessibilityservices@uvu.edu. If the accommodation relates to a scheduling conflict, the notice should include the date, time, and brief description of the difficulty posed by the conflict. Such requests should be made as soon as the student is aware of the prospective scheduling conflict.

While religious expression is welcome throughout campus, UVU also has a [specially dedicated space](#) for meditation, prayer, reflection, or other forms of religious expression.
