

# **Master Course Syllabus**

For additional course information, including prerequisites, corequisites, and course fees, please refer to the Catalog: https://catalog.uvu.edu/

Semester: Spring 2025 Year: 2025

Course Prefix: PHYS Course and Section #: 2010-002

Course Title: College Physics II Credits: 4

### Course Description

For students desiring a two semester algebra based course in applied physics. Covers mechanics, fluids, waves, heat, and thermodynamics.

### Course Attributes

This course has the following attributes:

- ☐ General Education Requirements
- ☐ Global/Intercultural Graduation Requirements
- ☐ Writing Enriched Graduation Requirements
- ☑ Discipline Core Requirements in Program
- ☑ Elective Core Requirements in Program
- ⊠ Open Elective

Other: Click here to enter text.

## **Instructor Information**

Instructor Name: Dr. Daniel James

## **Student Learning Outcomes**

Upon successful completion, students should be able to

- Identify causal forces in arbitrary mechanics problems.
- Show by example how forces produce vector class accelerations.
- Calculate responses of mechanical systems to forces.
- Explain the origins and impacts of torques.
- Explain the laws of thermodynamics.
- Demonstrate the use of conservation laws in physics.
- Analyze oscillatory behavior in elastic systems.
- Explain wave phenomena for sound, light, and material waves.
- Quantify the mechanical properties that characterize solids and fluids.

### Course Materials and Texts

• **Text Book:** College Physics: A Strategic Approach, Knight/Jones/Field 4th ed.

- Calculator: A scientific calculator is sufficient. Graphing calculators are not needed.
- Online Homework System Access: Modified Mastering Physics
- **Smart Device:** Any device that can connect to the internet via wifi or cellular network such as a smartphone, tablet/iPod, iTouch, laptop, etc. (This is to access the e-text and Mastering portal)

## Course Requirements

#### Course Assignments, Assessments, and Grading Policy

- Participation (Based on three short assignments): 3%
- Mastering Homework Assignments (weeks problem set through Pearson's Mastering Physics):
  22%
- Homework Problems (Weekly handwritten problem set): 25%
- Four Exams that cover multiple chapters: 35%
- Final Comprehensive Exam: 15%

• Grade	• Percentage
A	93% and above
<b>A-</b>	90% - 92.9%
B+	87% - 89.9%
В	83% - 86.9%
В-	80% - 82.9%
C+	75% - 79.9%
C	70% - 74.9%
C-	63% - 69.9%
D+	58% - 62.9%
D	50% - 57.9%
E	Below 49.9%

#### **Required or Recommended Reading Assignments**

• College Physics: A Strategic Approach, Knight/Jones/Field 4th ed. Chapters 17-30

#### General Description of the Subject Matter of Each Lecture or Discussion

- Motion, Position, Time Velocity
- Velocity, Scale, Vectors
- Vectors
- Uniform Motion, Instantaneous Velocity
- Acceleration
- 1D Problems and Free Fall
- Using Vectors and Components
- Motion on a Ramp and 2D Motion
- Projectile Motion, part 1
- Projectile Motion, part 2
- Circular Motion and Relative Motion
- Forces and Newton's 1st Law
- Free Body Diagrams, 2nd and 3rd Laws
- Equilibrium
- Dynamics, Weight, Normal Force
- Friction and Drag
- Interacting Objects, Ropes/Pulleys
- Circular Motion, Centripetal Acceleration
- Orbits, Weightlessness, Gravity
- Orbits and Kepler's Laws
- Rotational Motion and Torque
- Center of Gravity, Moment of Inertia
- Newton's 2nd Law for Rotation, Rolling
- Torque and Static Equilibrium
- Stability, Hooke's Law
- Stretching/Compressing, Torque in the Body
- Momentum and Impulse
- Conservation of Momentum
- Angular Momentum
- Energy and Work
- Kinetic, Potential, and Thermal Energy
- Conservation of Energy and Energy Diagrams
- Energy in Collisions and Power
- Energy in the Body, Temperature, Thermal Energy
- Heat Engines/Pumps and Entropy
- Pressure and Ideal Gas Law
- Idea Gas Processes
- Thermal Expansion, Specific Heat
- Heat Transfer and Diffusion
- Density, Pressure, Pascal's Principle
- Buoyancy, Fluids in Motions
- Viscosity, Poiseuille and Circulatory System

- Oscillation, Simple Harmonic Motion, Energy
- Pendulums, Damped Oscillations, Resonance
- Waves
- Sound and Light Waves
- Loudness and Doppler Shift
- Superposition and Standing Waves
- Standing Sound Waves
- Speech, Hearing, Interference, Beats

### Required Course Syllabus Statements

#### **Generative AI**

AI programs are not a replacement for your human creativity, originality, and critical thinking. Writing, thinking, and researching are crafts that you must develop over time to develop your own individual voice. At the same time, you should learn how to use AI and in what instances AI can be helpful to you.

The use of generative AI tools (e.g. ChatGPT, Google Gemini, Microsoft Copilot, etc.) are not to be used to generate homework solutions. You may consider using AI to help you study (e.g. The Pearson AI tools included with Mastering Physics.)

#### **Using Remote Testing Software**

☐ This course does not use remote testing software.

☐ This course uses remote testing software. Remote test-takers may choose their remote testing locations. Please note, however, that the testing software used for this may conduct a brief scan of remote test-takers' immediate surroundings, may require use of a webcam while taking an exam, may require the microphone be on while taking an exam, or may require other practices to confirm academic honesty. Test-takers therefore shall have no expectation of privacy in their test-taking location during, or immediately preceding, remote testing. If a student strongly objects to using test-taking software, the student should contact the instructor at the beginning of the semester to determine whether alternative testing arrangements are feasible. Alternatives are not guaranteed.

### Required University Syllabus Statements

#### Accommodations/Students with Disabilities

Students needing accommodations due to a permanent or temporary disability, pregnancy or pregnancy-related conditions may contact UVU <u>Accessibility Services</u> at <u>accessibilityservices@uvu.edu</u> or 801-863-8747.

Accessibility Services is located on the Orem Campus in BA 110.

Deaf/Hard of Hearing students requesting ASL interpreters or transcribers can contact Accessibility Services to set up accommodations. Deaf/Hard of Hearing services can be contacted at <a href="mailto:DHHservices@uvu.edu">DHHservices@uvu.edu</a>

DHH is located on the Orem Campus in BA 112.

#### **Academic Integrity**

At Utah Valley University, faculty and students operate in an atmosphere of mutual trust. Maintaining an atmosphere of academic integrity allows for free exchange of ideas and enables all members of the community to achieve their highest potential. Our goal is to foster an intellectual atmosphere that produces scholars of integrity and imaginative thought. In all academic work, the ideas and contributions of others must be appropriately acknowledged and UVU students are expected to produce their own original academic work.

Faculty and students share the responsibility of ensuring the honesty and fairness of the intellectual environment at UVU. Students have a responsibility to promote academic integrity at the university by not participating in or facilitating others' participation in any act of academic dishonesty. As members of the academic community, students must become familiar with their <u>rights and responsibilities</u>. In each course, they are responsible for knowing the requirements and restrictions regarding research and writing, assessments, collaborative work, the use of study aids, the appropriateness of assistance, and other issues. Likewise, instructors are responsible to clearly state expectations and model best practices.

Further information on what constitutes academic dishonesty is detailed in <u>UVU Policy 541: Student Code of Conduct</u>.

#### **Equity and Title IX**

Utah Valley University does not discriminate on the basis of race, color, religion, national origin, sex, sexual orientation, gender identity, gender expression, age (40 and over), disability, veteran status, pregnancy, childbirth, or pregnancy-related conditions, citizenship, genetic information, or other basis protected by applicable law, including Title IX and 34 C.F.R. Part 106, in employment, treatment, admission, access to educational programs and activities, or other University benefits or services. Inquiries about nondiscrimination at UVU may be directed to the U.S. Department of Education's Office for Civil Rights or UVU's Title IX Coordinator at 801-863-7999 – <u>TitleIX@uvu.edu</u> – 800 W University Pkwy, Orem, 84058, Suite BA 203.

#### **Religious Accommodation**

UVU values and acknowledges the array of worldviews, faiths, and religions represented in our student body, and as such provides supportive accommodations for students. Religious belief or conscience broadly includes religious, non-religious, theistic, or non-theistic moral or ethical beliefs as well as participation in religious holidays, observances, or activities. Accommodations may include scheduling or due-date modifications or make-up assignments for missed class work.

To seek a religious accommodation, a student must provide written notice to the instructor and the Director of Accessibility Services at <a href="mailto:accessibilityservices@uvu.edu">accessibilityservices@uvu.edu</a>. If the accommodation relates to a scheduling conflict, the notice should include the date, time, and brief description of the difficulty posed by the conflict. Such requests should be made as soon as the student is aware of the prospective scheduling conflict.

While religious expression is welcome throughout campus, UVU also has a <u>specially dedicated</u> <u>space</u> for meditation, prayer, reflection, or other forms of religious expression.
