The screenshot shows the UVU Login Service page. It features a dark grey login form with the heading "UVU Login Service". The form includes fields for "UV ID:" and "Password:", each with a "Forgot" link below it. A "LOGIN" button is at the bottom of the form, with a "Get Additional Technical Support" link below it. Above the form, there is a welcome message and instructions on how to use UVU Identity (UVID and password) to login to most UVU systems, along with a security warning to log out and exit the browser when done.

Welcome to the UVU Login Service.

You can use your UVU Identity (UVID and password) to login to most UVU systems.
For security reasons, only access these systems if you have a current UVID.
Please Log Out and Exit your web browser when you are done accessing services that require authentication.

Step 10: Once you have set up your account, you may be asked to complete a **survey** regarding your course placement goals.

Step 11: Then, you will be directed to a page with a **16-digit code**. There is no need to write it down; it will be emailed to you in case of a system error. Simply click **“Continue.”**

Step 12: You will be directed back to your account dashboard page. You should now see the class you just added in the “**Active**” section. Click on the class name.

The screenshot shows a user interface titled "My Classes". Under the "Active (1)" section, there is a class card for "UVU Student-Paid Math Placement, Jan. to Dec. 2020 / Higher Education Math Placement". The card includes the text "Latest Placement Result: Not assessed yet", "Expiration Date: 04/07/2021", and "Placement End Date: 12/01/2020". A "More Details" link with a right-pointing arrow is at the bottom of the card. To the right of the class card is a large white box with the text "Add Class" in blue.

Step 13: Finally, you will be guided through a short tutorial regarding the ALEKS system functions. Keep in mind this part is best done on a computer (rather than a tablet or smartphone).

Step 12: From this point, you will have access to **5 testing attempts**. You should be aware of the following regarding your account/attempts:

- You can choose to take any of the first 3 assessments un-proctored (meaning without a testing center proctor) for practice. When taken un-proctored, the results will not count for official UVU placement. You could also choose to take any of the first 3 attempts as proctored by scheduling an appointment with the testing center and testing with a proctor. Proctored scores will be used for official course placement.
- The last 2 assessments must be proctored.
- You are not required to use all 5 assessments.
- You are required to wait 24 hours between each testing attempt and must complete 3-hours of learning modules. Learning modules help you to practice concepts in preparation for another attempt.
- You ALEKS account membership will last for 6 months.
