

MOAB FIRE DEPT.

JOB DESCRIPTION

Title: Seasonal Firefighter **Division:** Operations **Effective Date:** July 2024
Approved by: Chief Brewer **Starting Salary:** \$20.00/Hour Plus Overtime

JOB DESCRIPTION SUMMARY:

The Seasonal Firefighter operates under the direction and guidance of an assigned Captain and will respond to incidents, assist locally with fuels mitigation and other projects, and will be assigned additional duties at the station.

The position is non-benefited and full time, seasonal with the opportunity for advancement within the Department to a full time, year-round benefited position. For the 2024 season, this position will run through December. The season will change in 2025. The position has assigned shifts and is compensated for overtime if deployed on wildland resource orders. The seasonal firefighter is expected to work toward firefighter certifications.

This position is an integral part of Moab Valley Fire Department and is part of the larger team. The Seasonal Firefighter is expected to meet all requirements of maintaining membership in the Department. This position will respond to calls to service for the Department including structure and wildland fires, as well as other hazardous incidents.

The Seasonal Firefighter responsibilities may involve performing hazardous tasks requiring strenuous physical exertion for extended periods of time in cramped surroundings, hot, smoky environments with limited visibility, and at considerable heights.

The seasonal firefighter may be required to travel out of the area if deployed on wildland resource orders. These fire assignments will typically last 14 days.

CERTIFICATIONS:

The following certification is required:

- Wildland Firefighter Type 2

If not currently qualified, the incumbent is expected to gain this qualification within 2 weeks of employment.

The incumbent is expected to meet the following certification within 1 year:

- Firefighter 1

PARTICIPATES IN ONGOING TRAINING:

Complete training as required to meet Fire Department, State and Federally recognized standards, which may include classroom and practical instruction as well as hands-on evaluations, examinations, and certification. Training includes both structural and Wildland aspects of firefighting. The Seasonal Firefighter must have an understanding of fire service principles and practices and implement those in all aspects of their work.

PHYSICAL TRAINING (PT)

Applicant will pass the following PT test as a condition of hire:

- 25 pushups in 1 minute
- 25 sit-ups in 1 minute
- Work Capacity Test (3 mile walk on flat ground carrying 45 lbs in under 45 minutes)

Once hired, the incumbent is expected to participate in a PT program that will involve a variety of cardiovascular and strength training.

ACTIVELY PARTICIPATES IN FIRE PREVENTION/PREPAREDNESS/PUBLIC EDUCATION/PUBLIC RELATIONS ACTIVITIES: Follow District policies and procedures. Represent MVFD with a professional public image both during and after work hours.

Participate in Department activities to educate the public on fire prevention and preparedness.
