

Fire Officer I – Student Presentations – Assignment 13
Utah Fire and Rescue Academy

Situation:

As a company officer, you will be required to provide crew-level training. This could include equipment or specific fire or EMS-related skills they need to improve. You may feel they need to learn a new skill or refresh a known skill they are not performing properly or effectively. To demonstrate this skill, you will prepare and present a 10 to 15-minute class at the end of the Officer 1 Program.

Assignment:

1. Use the Officer I Lesson Outline Template provided by your instructor.
2. Prepare a lesson plan, skills-training evolution, and supporting materials to teach your class, using the four-step method described in Chapter 8 on page 190. *Your presentation of this training must be a minimum of 10 (maximum 15) minutes.* Unless otherwise instructed, you will present this in class. Have the topic approved by your instructor ASAP.
3. Describe the skill the crew needs to learn or refresh and why.

Requirements:

1. Type your assignment, double-spaced, using a word processing or other data entry software program. Be sure to proofread for grammar and spelling.
2. Provide the lead instructor with the following:
 - a. Completed lesson plan (refer to Lesson Outline Template)
 - b. Skill description
 - c. Lesson materials (lesson content, handouts, and/or an instructional PowerPoint)
3. Present the training in class.
4. You may submit the assignment and training materials listed in item 2 in person or electronically, as assigned by your instructor and prior to your presentation. (Critiques will be completed during and turned in after your presentation.)
5. To submit electronically, scan and submit all the required assignment materials electronically as a .doc, .docx, or .pdf.

State Skill #3
