Follow-up

- working on: professional education, continuing and community education
- Web Community on Friday, September 20

Review of sites

- viewed: uvu.edu/tc/, [/arts/](http://uvu.edu/arts/), [/chss/](http://uvu.edu/chss/), and webstaging.uvu.edu/tickets

Web owner reports

- with the clean-up are down over 250 users, and still working on it
- demo – web owners data base (uvu.edu/web/webowners/)

Accessibilities

- legal requirements are changing
- EIT (electronic information technology) Accessibility Coordinator will review proposed software purchases for accessibility – will also review current software – will also go through ATSC (academic technology steering committee) – will be part of the approver process
- will report to IT but will be in accessibilities

Compliance and accreditation

- accreditation report has been submitted – evaluating team will be on campus Oct 25-27 – do not change any links on the websites but keep sites updated
- report located at uvu.edu/accreditation

Program learning outcome – complete

Non-disclosure statements

- disclaimers and legal notices at the bottom of every webpage has the currently version so additional notices are not needed

Projects

WDS Priority List -
9-20-17.xlsx

- review of project list
- hope to send out on a regular basis
- received a new project – Cyber-security center website should be live by October 1
- details of projects available in POB
- development process will be a 6 week process: 2 weeks discovery (content) – 2 weeks design – 2 weeks development: after the discovery part, can be started again on the next project so the process is offset by 2 week intervals
- big projects are inclusion, and OTL

UVU Home page

- demo of Home Page refresh

https switch

- google is moving to more secure form of URLs so sites are being moved to https
- the deadline is October 1
- most of the switch will be on the back end

Next meeting will be October 25
