

# UVU | MFPA<sup>®</sup>

## Chartered Financial Analyst (CFA<sup>®</sup>) Track

Utah Valley University's Master of Financial Planning and Analytic Chartered Financial Analyst (CFA<sup>®</sup>) Track is a comprehensive program that provides students with a deep understanding of financial analysis, investment banking analysis, risk consulting, asset management, portfolio management, and equity research and analysis. The curriculum is designed to prepare graduates to take the CFA<sup>®</sup> exams and pursue careers in finance. Students gain hands-on experience through internships and have access to a state-of-the-art financial lab. The program emphasizes ethical and professional standards and emphasizes the importance of critical thinking and problem-solving skills. Graduates are well-positioned for success in the financial industry, with opportunities in diverse roles such as investment banking analyst, financial analyst, risk consultant, asset manager, portfolio manager, and equity research analyst.

36 credit hours

# INVEST IN A CAREER THAT MAKES A DIFFERENCE.

As a Master of Financial Planning and Analytics (MFPA) student in the Woodbury School of Business, you will learn from skilled professionals and researchers who bring expertise to each course within the program. Students will develop advanced skills in retirement planning, investment planning, tax planning, insurance planning, and estate planning. Choose from three tracks in the program, the Certified Financial Planner (CFP®), Chartered Financial Analyst (CFA®), or Advanced Planning tracks that are built on our top-five nationally ranked PFP program. The MFPA graduate program will prepare you as an expert in the professional financial planning and investment industry, and can even prepare you with the skills to own your own firm one day. Don't delay, apply today!
